PARENT AS PARTNERS

A paper folding activity was conducted by Ms. Vandana parent of Vedika of KG Red. She guided children to make paper fishes which they happily displayed.

Ms. Krishna mother of Nachiketa Krishna Kalidasan of KG Green did a wonderful musical session. The parent brought an ukulele and guitar to teach children how to play the instruments.

Mr. Tom Antony parent of Georgie Jacob Tom of KG Green did an exciting football session for children and they thoroughly enjoyed the same.

Ms. Maria Akshay Mattathil parent of Mia Akshay Mattathil of KG Blue made Berry parfait. Children were thrilled to make their own cups of tasty treats.

FIELD TRIPS

The KG children went on their first trip with their friends and teachers to the corporate office of the Choice Group at Kumbalam. They had a fun day organised by their teachers with games, stories, and other fun activities. The day was filled with laughter and cheer as they enjoyed the day in the beautiful landscape.

KG children had an exciting trip to the Bakery B factory where they learnt about how food is produced and delivered to their favourite bakery. They explained how each bakery item is made in the factory and the different process they go through. Children were excited to see their favourite snacks being made and decorated in front of their eyes.

KG children had a visit to the Milma factory in Tripunitura. Children visited the factory where they showed children how the milk is processed, stored in big containers, and then packed to be sent to shops for people to buy. They also saw the processing of curd. Children were trilled to see the packets of milk moving in conveyer belts.

EVENTS

Independence day

Children proudly presented the Independence day program as they navigated everyone through the essence of patriotism with their acts.

Class day

The program was planned to showcase the talents of KG children. The story of the little red hen was portrayed by children as they narrated and acted as different characters.

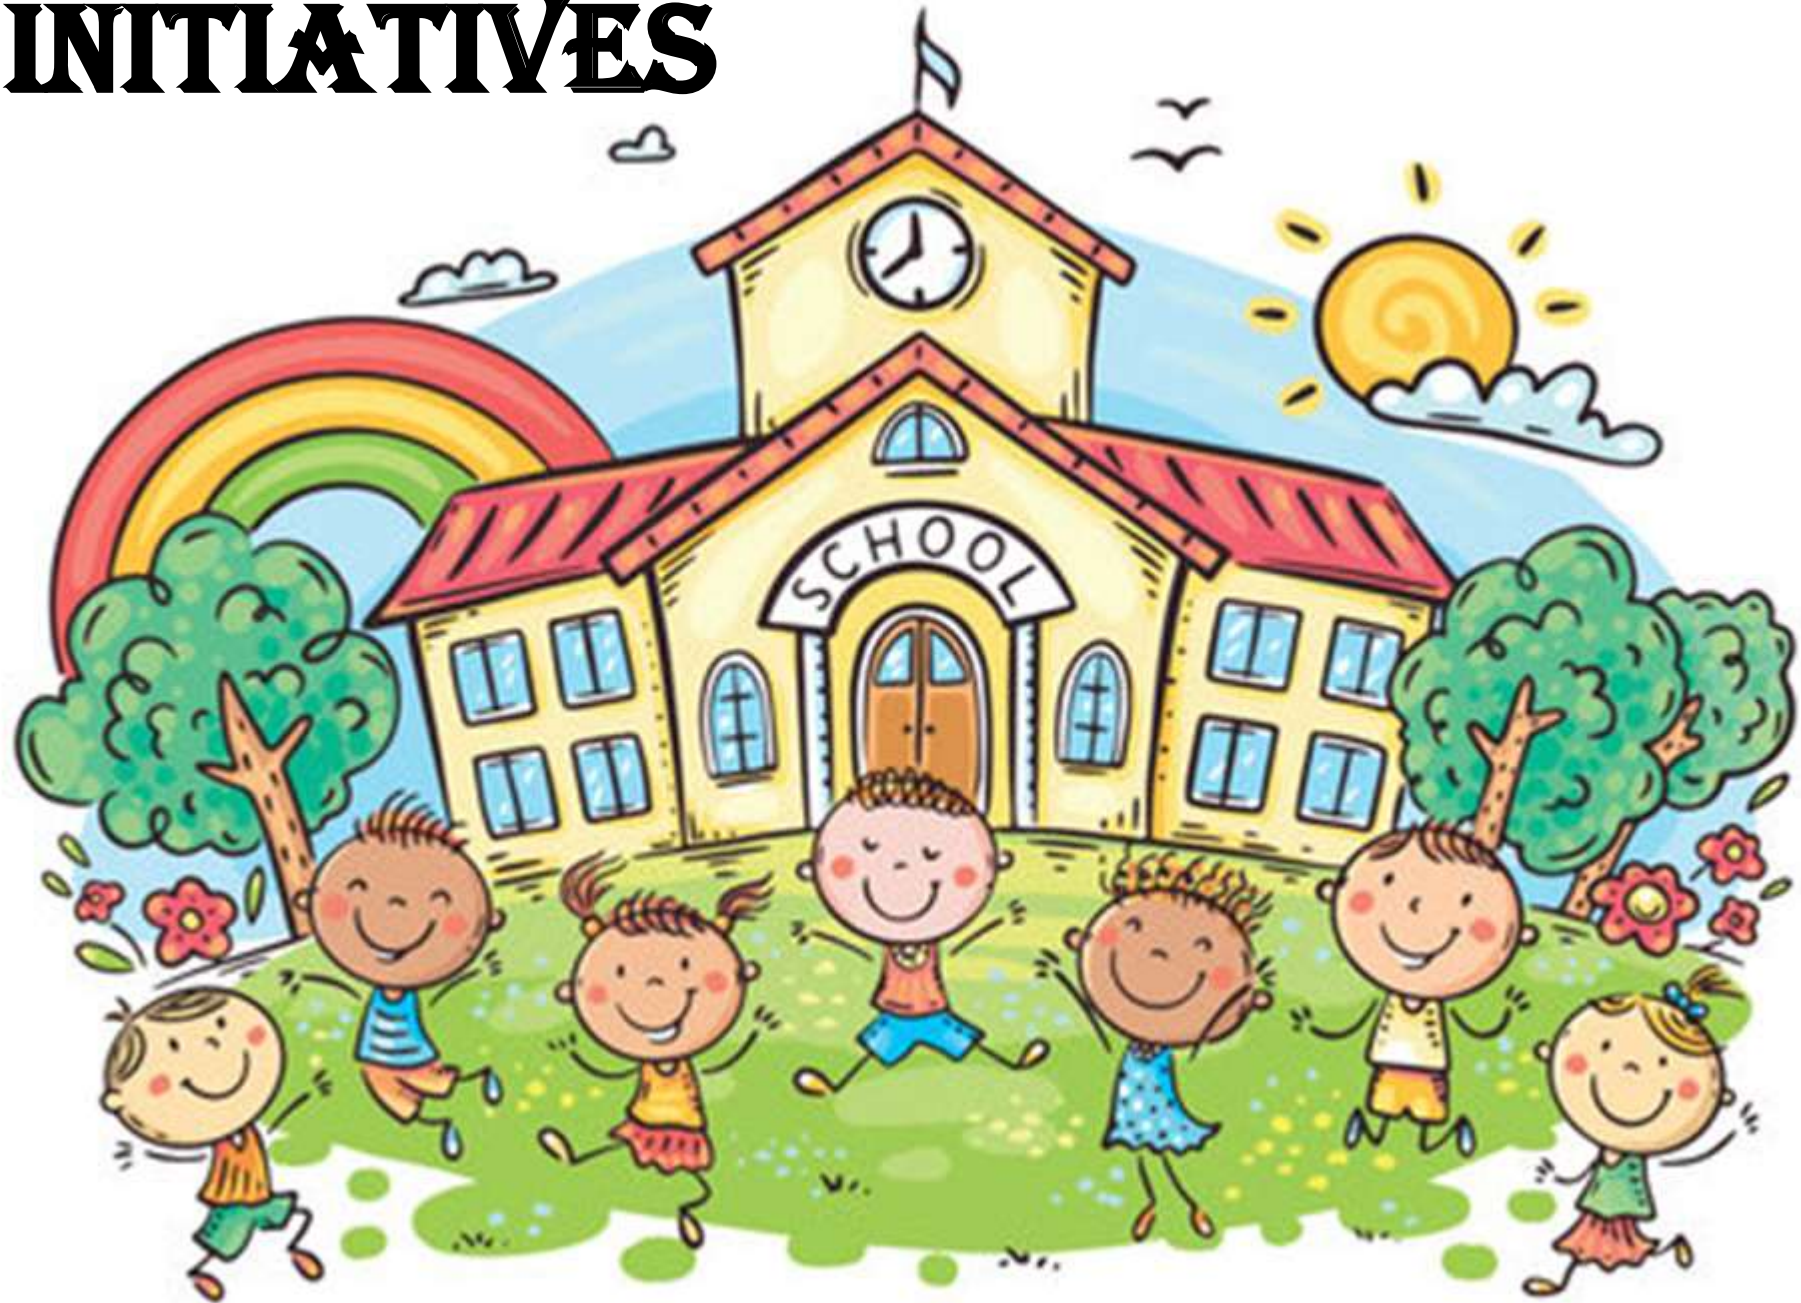

Class day

The program was a musical show where children sang 10 songs to evoke the story and entertain the audience.

NEW INITIATIVES

- **Value based morning conversation**

Morning conversation during circle time was made meaningful with this initiative. Topics regarding health and hygiene, etiquettes and manners were incorporated. This initiative went well in tandem with the school motto of KCH

• Doodling

Children were introduced to various strokes and painting techniques to enhance their creative instincts. They were also encouraged to observe around them to draw pictures using shapes and strokes.

Safari ride

An exciting activity was planned for children as they had a safari ride, set up by teachers. They explored the animals around with their hand made binoculars and safari caps.

Making of a rain stick

Children had an exciting activity where they made a rain stick with their friends. They enjoyed assembling it and sliding it to make the calming rain sound. The activity helped children to work as a team player and collaborating to build a working model.

Appreciations

“This year has been incredibly hectic for us, and we weren’t always able to give Isabelle the attention she deserved. However, thanks to her wonderful teachers, Seena Ma’am and Aparna Ma’am, she has thrived under their guidance. They have gone above and beyond their roles, ensuring that their students not only excel academically but also grow as individuals beyond the classroom.

We were particularly impressed by the values instilled in her at school, from family bonds to healthy eating habits and the responsibility of tidiness. At home, we can see a remarkable transformation in our young, independent little lady, who now insists, “I can do it by myself.” The teachers ensured Isabelle felt emotionally secure during that transition, and today, she is a doting and loving big sister. While academic and extracurricular achievements are important, we are most grateful for the kind, empathetic girl she is growing into. ”

- **Anu Jacob, mother of Isabella Anna Ibin**

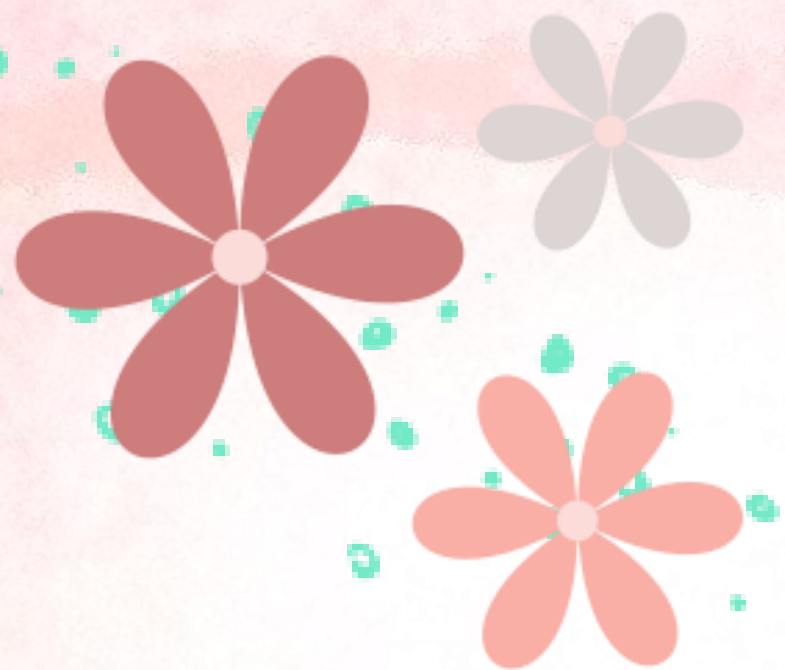

I am absolutely thrilled and filled with pride after attending the class day program today. It was such a joy to see all the little ones, including my child, performing on stage with so much enthusiasm and confidence. From the beginning of this year until now, I have seen a remarkable transformation in Ishank. He has become more confident, expressive, and eager to learn, and I know this is all because of the nurturing environment you have created for him. The way you have patiently guided him and the other children is truly commendable. I can see how much he has grown, not just academically but also emotionally and socially, and I owe this progress to your hard work and dedication. The skit performed by the kids was absolutely delightful! The story chosen was not only relatable for the children but also carried such an important message. It was heartwarming to see how the teachers are instilling values like kindness, teamwork, and perseverance through such creative and engaging activities. My son has been talking about the story and the lessons he learned from it for days, and I can see how much it has impacted him. I also want to appreciate the way the program was structured. It was so well-organized, and every child had a chance to shine. The songs, dances, and dialogues were all age-appropriate and allowed the kids to showcase their talents while having fun. The smiles on their faces were priceless! Thank you, dear teachers, for everything you do. You are not just teaching him; you are shaping him into a better human being, and for that, I will always be thankful. Looking forward to many more such wonderful experiences!

- Rathish V.R., father of Ishank Rathish

THANK YOU

GRADE 2 YEARLY REPORT
2024-2025

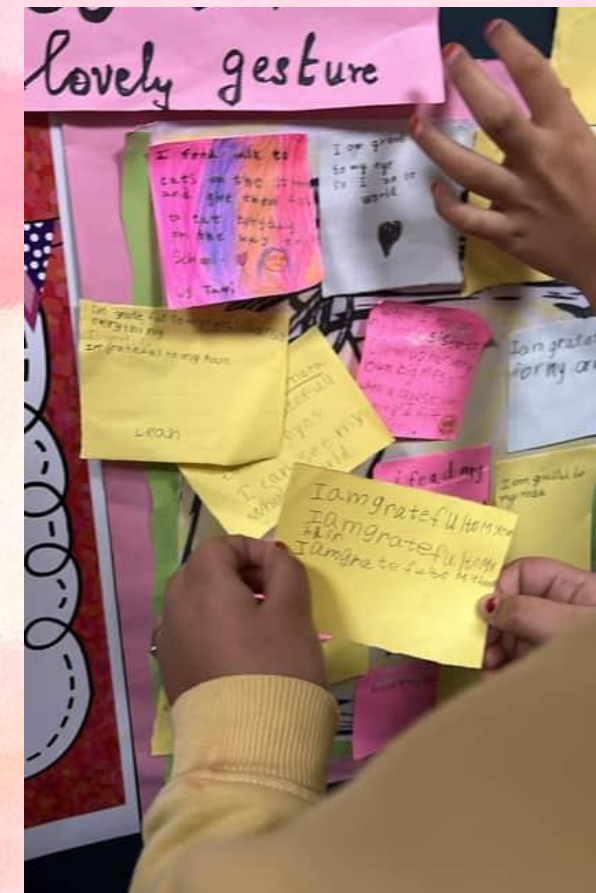

NEW

INITIATIVES

1) Circle time and the feelings chart were utilized to enhance students' social-motional and communication skills

2) Kindness chart

The Kindness chart activity helped foster a culture of empathy, gratitude, and positive interactions among students. They appreciated the acts of kindness of others and wrote positive notes about it in the kindness chart

3) Reflection chart

Students were made to reflect on their strength and areas for improvement. This was done monthly.

4) "Finding Me" Activity

This activity encourages children to discover and highlight their best qualities by writing as many positive traits about themselves as possible. It promotes self-awareness, helping them recognize their strengths and build confidence.

5)Badges

Badges like "Well Done," "Awesome," "Good Job," "Sparkle On," "Brilliant," and "You Did It!" were introduced to encourage confidence, motivation, and positive behavior in the classroom.

Beyond the textbook

A) Motor Skills (Fine & Gross Motor Development)

- **1) Tying shoelace:**

2)Envelope making

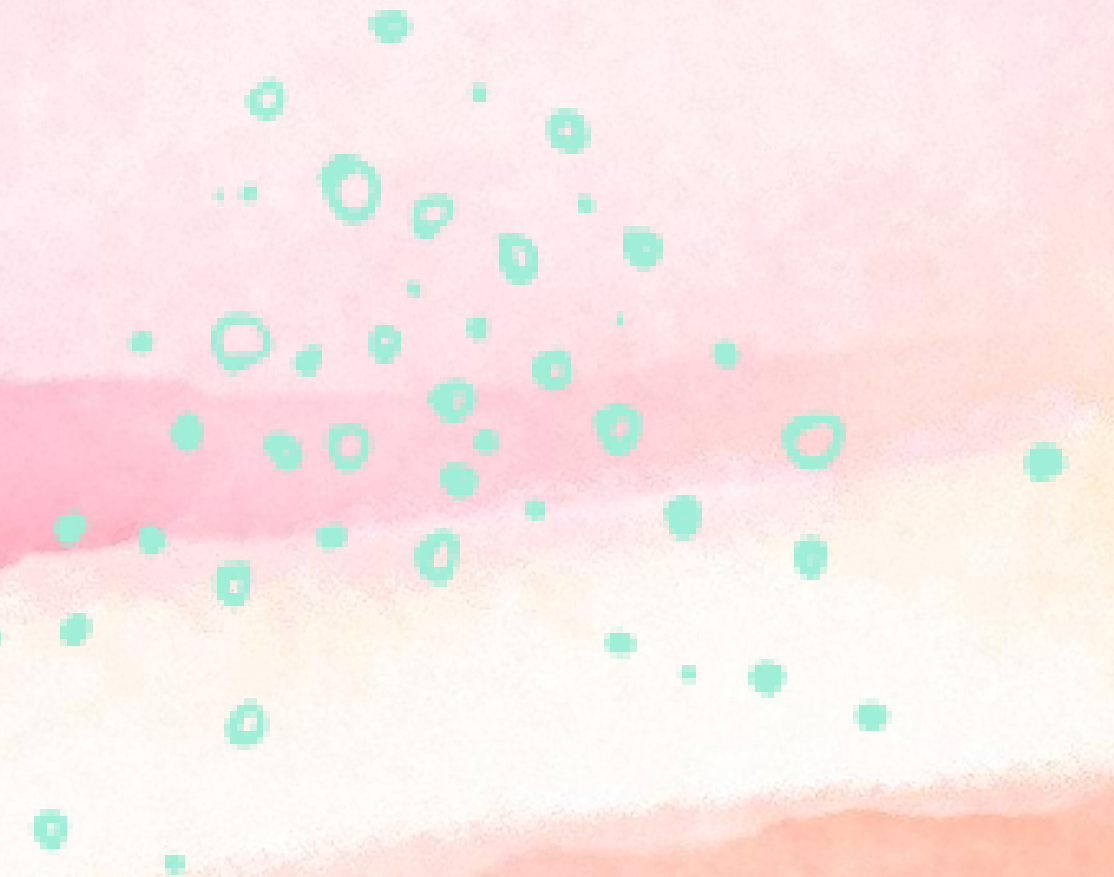

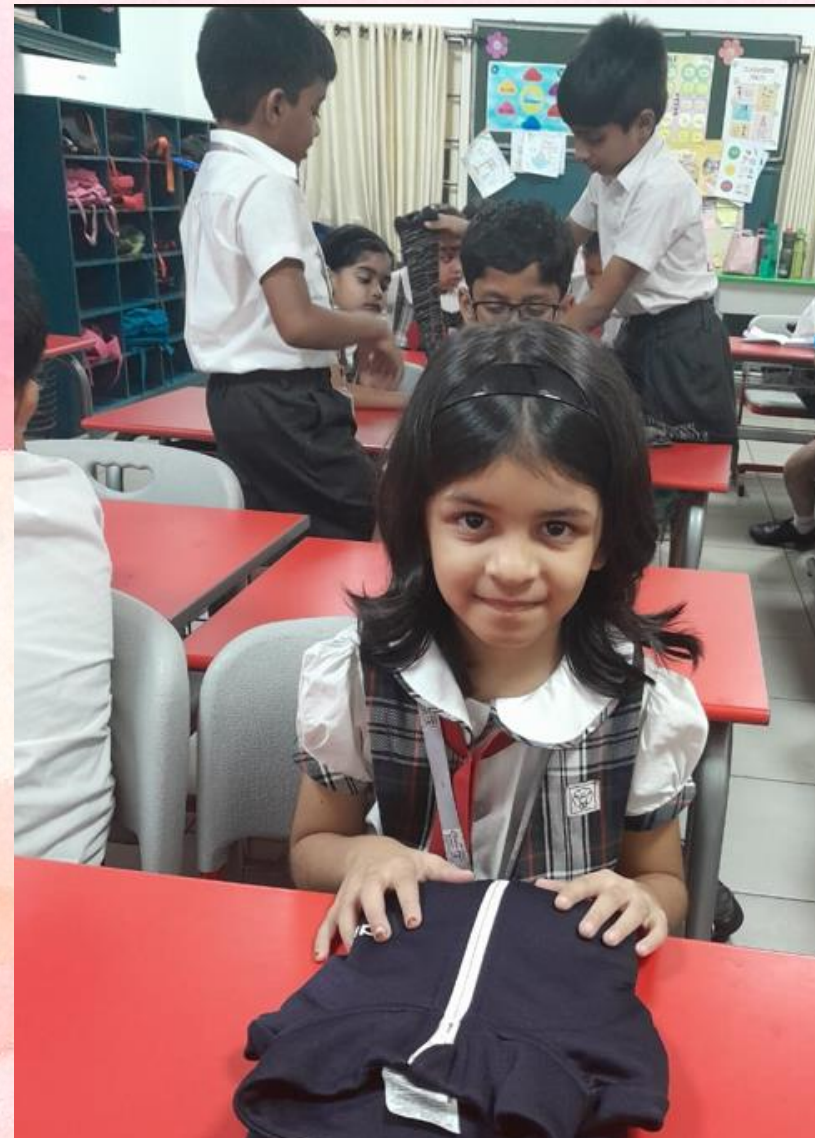

3) Indigenous Games

Games helped to reinforce concepts, develop critical thinking, and enhance collaboration among students.

4)Folding shirt

The folding shirt activity helps children develop fine motor skills, organization, and independence by learning to neatly fold their clothes. It also enhances their patience, focus, and ability to follow step-by-step instructions, promoting responsibility in daily life.

B) Being Self Aware & Managing Emotions

Recognizing and managing one's own emotions, empathizing with others and building positive relationships was done through circle time, feelings chart, appreciating the kindness of their friends and writing a note on it, through story sessions in SEL activity book and counselling sessions

C) Creativity

Students were tasked with creating a piece of art or writing a story

D) Communication and Collaboration

Activities like project-based learning, show and tell, storytelling, role play, think-pair and share, assemblies, annual day helped shape the communication and collaborative skills of children by encouraging them to express their ideas clearly, listen actively, and work effectively with others.

E) Numeracy & Logical Thinking

Activities like Sorting objects, skip counting games, measuring activities, and board game helped students develop problem-solving skills, understand patterns, and make sense of numbers in everyday life.

F)Scientific thinking skills

Scientific and logical thinking skills helped children analyze, reason, and make decisions based on evidence and logical connections

G) Digital Literacy

Digital Literacy for Learning made studying fun with educational games! Kids could play, explore, and solve puzzles while learning new things. It helps them to think and be creative.

Grade 2 Annual Day on 30 October

“A tale of virtue and valour”

was nothing short of captivating as Grade two students performed an adaptation of the great epic ‘Ramayana’ play at JT pac stage

Theme based assemblies

Onam

The play showcased the values of generosity, humility, and the spirit of Onam.

Christmas

The highlight of the event was a shadow play that depicted the essence of Christmas, narrated by none other than Santa Claus himself. Through the play, students learned that Christmas is not just about presents but about kindness, love, and spreading joy.

Republic day

The Republic Day Assembly helped the students learn about the importance of the Day and develop a sense of patriotism. They sang patriotic songs with enthusiasm and participated in a fun quiz to test their knowledge about India.

Pongal Festival

Celebrating Pongal through a play fosters cultural pride, teamwork, and gratitude for nature's blessings.

In house preparatory commencement

An In house preparatory commencement was held on 20th March marking the culmination of a wonderful year of learning, growth, and cherished memories. The event was a beautiful reflection of the students' journey, highlighting their progress, experiences, and the bonds they built along the way.

NEW INITIATIVES

1) Circle time and the feelings chart were utilized to enhance students' social-emotional and communication skills. They were encouraged to engage in open conversations with their teachers on any topic of their choice. This approach fostered a trusting environment where students felt safe expressing their thoughts and concerns. Additionally, it helped them develop empathy, strengthening their ability to build positive relationships.

2) Kindness chart

The Kindness chart activity helped foster a culture of empathy, gratitude, and positive interactions among students. They appreciated the acts of kindness of others and wrote positive notes about it in the kindness chart. With this students became more mindful of their actions and words. This activity also encouraged teamwork, boosted self-esteem, and created a supportive classroom environment where students felt valued and motivated to spread kindness.

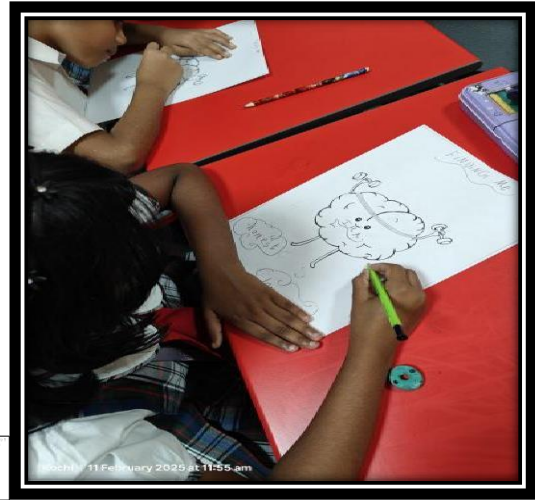

3) Reflection chart

Students were made to reflect on their strength and areas for improvement. This was done monthly.

4) "Finding Me" Activity

This activity encourages children to discover and highlight their best qualities by writing as many positive traits about themselves as possible. It promotes self-awareness, helping them recognize their strengths and build confidence.

5) Badges

Badges like "Well Done," "Awesome," "Good Job," "Sparkle On," "Brilliant," and "You Did It!" were introduced to encourage confidence, motivation, and positive behavior in the classroom. They were given on a weekly basis. They created a fun learning atmosphere, instantly recognize achievements and boosting self-esteem

Beyond the textbook

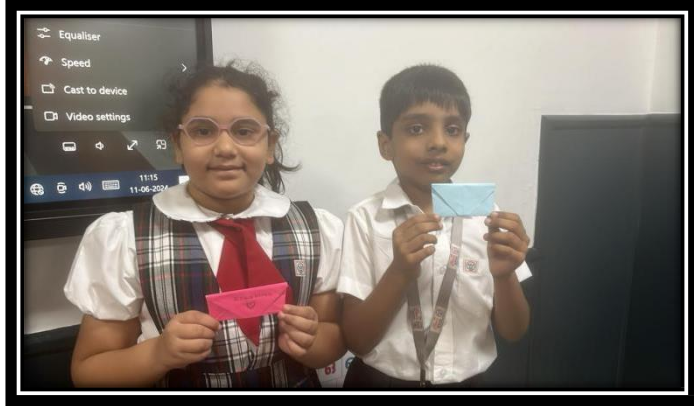

A) Motor Skills (Fine & Gross Motor Development)

1) Tying shoelace:

During the creative hour on the 30th, January the teachers taught the students the essential skill of tying their shoelaces. This hands-on activity helped enhance their fine motor skills, boost their confidence, improve their patience, and also encouraged independent work. The students were seen helping their peers as they learnt to do this activity.

2) Envelope making

3) Finger Painting

Encouraging creativity while strengthening finger muscles.

4) Indigenous Games

Games was an excellent way to engage students in active learning while developing essential skills in a fun and interactive manner. These games helped in collaboration, critical thinking, problem-solving, and creativity, making learning more effective and enjoyable.

5) Folding shirt

The folding shirt activity helps children develop fine motor skills, organization, and independence by learning to neatly fold their clothes. It also enhances their patience, focus, and ability to follow step-by-step instructions, promoting responsibility in daily life.

b) Being Self Aware & Managing Emotions

Recognizing and managing one's own emotions, empathizing with others and building positive relationships which was done through circle time, feelings chart, appreciating the kindness of their friends and writing a note on it and sticking it on the chart, through story sessions in SEL activity book and counselling sessions

3) Creativity

Students are tasked with creating a piece of art or writing a story. They are encouraged to think outside the box, experiment with different ideas, and come up with original and imaginative solutions.

B) Communication and Collaboration

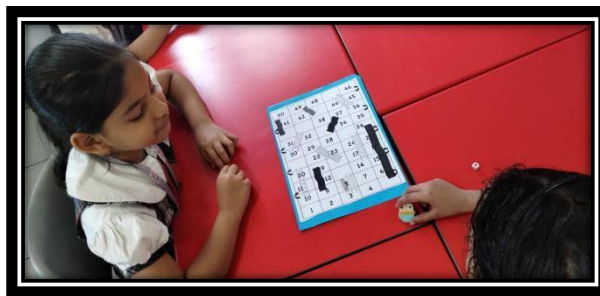

Activities like project-based learning, show and tell, storytelling, and role play, think-pair and share, assemblies, annual day helped shape the communication and collaborative skills of children by encouraging them to express their ideas clearly, listen actively, and work effectively with others. These activities fostered confidence, creativity, and critical thinking, allowing children to engage in meaningful discussions and problem-solving. Through teamwork, they learn to respect different perspectives, share responsibilities, and develop social skills essential for real-life interactions.

C) Numeracy & Logical Thinking

Activities like Sorting objects, skip counting games, measuring activities, and board game helped students develop problem-solving skills, understand patterns, and make sense of numbers in everyday life. They learned to sequence events, calculate time, recognize relationships, and think critically. These skills

helped in decision-making, reasoning, and the ability to analyze situations logically, making learning more meaningful and practical .

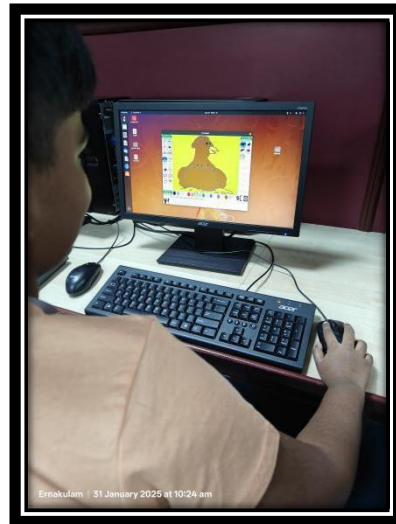

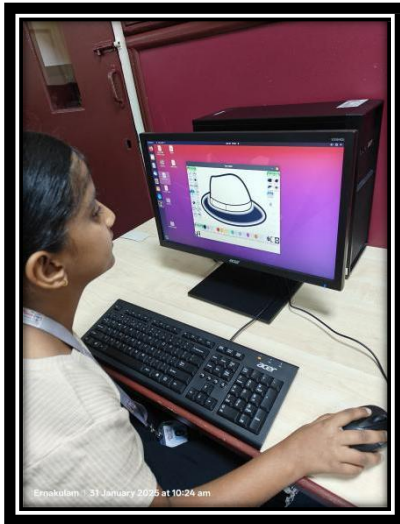

D) Scientific and logical thinking skills

Scientific and logical thinking skills helped children analyze, reason, and make decisions based on evidence and logical connections

E) Digital Literacy

Digital Literacy for Learning made studying fun with educational games! Kids could play, explore, and solve puzzles while learning new things. It helps them think ,create, and stay safe online!

Grade 2 Annual Day on 30 October

The performance of 140 Grade 2 students in “A tale of virtue and valour” was nothing short of captivating as Grade two students performed an adaptation of the great epic ‘Ramayana’ play at JT pac stage. The stunning live songs by students was rendered so beautifully that the audience were questioning if it was pre-recorded. The graceful dance routines, and heartfelt but naturally hilarious elements of characters along with the powerful display of dialogues had simply captivated the hearts of the audience. Each student brought out their character to live with their passion and dedication showcasing their talents on stage. The synergy between the cast was amazing. Every aspect of this production was executed flawlessly. Audience was spellbound by the students’ performance, applauding their efforts with thunderous applause. It was the result of rigorous practice and commitment. This beautiful adaptation of Ramayana will be cherished by both the performers and the audience for years to come.

Funky day

Funky Day was a perfect blend of fun, laughter, and music! The excitement kicked off with a movie screening based on values. With buckets of popcorn in hand, they laughed, gasped, and cheered through the movie. As the movie ended, the fun didn't stop—it only got louder! The jamming session brought the room to life with endless energy. By the end of the day, everyone left with happy hearts, catchy tunes stuck in their heads, and memories of a day that was nothing short of spectacular. Funky Day was a hit, and the kids can't wait for the next one!

Theme based assemblies

Onam

The assembly began with a short play depicting the story of King Mahabali and Vamana, where students enacted the legend behind Onam in a fun and interactive way. The play showcased the values of generosity, humility, and the spirit of Onam. Following the performance, students and teachers came together to enjoy a delicious serving of payasam and exchanged snacks, reinforcing the festival's message of sharing and togetherness.

Christmas

The highlight of the event was a shadow play that depicted the essence of Christmas, narrated by none other than Santa Claus himself. Through the play, students learned that Christmas is not just about presents but about kindness, love, and spreading joy. Following this, the children filled the air with festive cheer by singing Christmas carols, and a spectacular dance performance. Their enthusiasm and energy brought the Christmas spirit to life, making it a delightful experience for everyone. During the creative hour, students engaged

in craft activities, making beautiful Christmas decorations, greeting cards, and festive ornaments. The celebration concluded with a buffet of Christmas goodies, where students served themselves, reinforcing lessons of independence, responsibility, and gratitude. Through this experience, they learned the importance of sharing and appreciating food and togetherness.

Republic day

The Republic Day Assembly helped the students learn about the importance of the Day and develop a sense of patriotism. They sang patriotic songs with enthusiasm and participated in a fun quiz to test their knowledge about India. Through speeches, skits, song and dances, they gained confidence, teamwork skills, and respect for national values. The assembly made learning enjoyable and memorable while celebrating the spirit of the nation

Pongal Festival

Students did an assembly on Pongal , the harvest festival of Tamil Nadu. It started with a patriotic song Tamizha Tamizha...to bring the Tamil Nadu vibe. Followed by a role play sprinkled with humour which signified the importance of Pongal. There was a colourful traditional dance performance by the children. Jallikkattu a traditional bull taming sport was depicted in a dance form which aroused the curiosity in children .Detailed presentation on Pongal was done by the children. The assembly ended with a musical treat wishing everyone Pongalooo Pongal.

In house preparatory commencement

An In house preparatory commencement was held on 20th March marking the culmination of a wonderful year of learning, growth, and cherished memories. The event was a beautiful reflection of the students' journey, highlighting their progress, experiences, and the bonds they built along the way. The highlight of the ceremony was the speech by two students, who shared their experiences from the past year, recalling moments of friendship, learning, and fun. Their words beautifully captured the emotions of the day, expressing gratitude to their teachers and excitement for the future.

The event concluded with words of encouragement from the teachers, reminding students that learning is a lifelong journey and that they should carry forward the lessons of the past year with confidence and enthusiasm.

Term 1-Grade 2 Report on Parent as partners

Parent as partners was held on 22 August during the creative hour, parents lovingly carved out time from their bustling schedules to connect with the students. Each session was unique and interactive lasting a delightful 30 minutes. The students, brimming with excitement, immersed themselves in the activities and, as a heartfelt expression of gratitude, presented a lovingly crafted thank-you card to the parents on behalf of the entire class. Below is the list of topics that were presented in each section.

1) 2A

Ms Donna Jon, parent of Gia Mariya Cyriac , spoke about Healthy Habits for kids.

2) 2B

Dr Kavitha Sadan, parent of Inaaya Rohith, spoke about the importance of keeping the body healthy and clean.

3) 2C

Mitali, parent of Shaurya was the guest speaker. Topic she spoke about excessive use of screen time. She connected the topic with the real life situation and was able to convince them of what all they missed out on.

4) 2D

Ms Supriya Vaid, parent of Amyra Vaid , had planned an art session for the kids . She introduced them to shaker cards. All the material for the card was provided by her. The highlight of the session was the use of confetti and soap gel balls to be put in the card for the shaker effect. The kids loved it.

5) 2 E

Ms Rozanna, parent of Rahael Angie Thomas, started the session sharp at 9 am in the home science room. The session was about making soap. She brought all the necessary things like the soap base, colors and the essential oil. The children enjoyed every bit of the process. Every student was also given a piece of the soap made to take home.

6) 2 F

The session was conducted by Nidhi Warriar's mother Ms Jils Abilash. She started the yoga session by introducing the Bumble bee breathing technique, followed by the child pose, cobra pose, cow and the cat. The children were excited and happily followed her instruction. She distributed a booklet covering all the asanas that were introduced during the session. It was a sweet surprise for the children.

Term 2 - Grade 2 Report on Parent as Partners

Parent interactive session was conducted for Grades 2A, B, C, D and E in the month of December and for 2E in the month of January during the creative hours. Each session blossomed with creativity and joy as parents and children immersed themselves in engaging activities, strengthening the bonds of community and learning. As a token of gratitude and appreciation, a beautifully crafted thank-you card was presented to each parent at the end of the session.

1) 2A

Ms Vani parent of Akhil conducted a session on making Christmas cookies on 14th December. With rolling pins in hand and chocolate dough the students carefully shaped gingerbread man, stars, Christmas tree, bringing the holiday spirit to life. With a twinkle of excitement in their eyes, the students then added the final touch-the colorful sprinkles that shimmered like tiny Christmas lights. Students not only enjoyed the joy of baking but also learned teamwork, patience, and the importance of following instructions.

2) 2B

Zidane's mother Neenu Najeeb Khan conducted a fun-filled Christmas-themed activity for our class. The session began with a creative Christmas card-making session, where the children learned to make beautiful cards using forks and paints. The parent's innovative approach and patient guidance enabled the children to express their creativity and take home their unique masterpieces. The excitement continued as the parent engaged the children in a lively dance and song session, filling the

classroom with joy and festive spirit.
The parent distributed chocolates to the children, who were thrilled and grateful.

3) 2C

Parent as partner was held on 18 th December. Alex's mom Mrs Sara was invited to exchange her thoughts with the kids. Ma'am Sara was very interactive and kids had a good time with her. Her calm and sweet ways of engaging the kids with an activity was indeed a pleasure to watch. Kids thoroughly enjoyed the session. They were deeply engrossed in the making of a Christmas tree. She was very patient and could reach out to every one. It was indeed a great learning.

4) 2D

On 12 December 2024, Ms. Ancy, mother of Jason participated in the parent as partner programme. She brought in the Christmas season in 2D with a very interactive story session on 'Rudolf - the red nosed reindeer'. The children were all ears to her story. She ended the session with a colouring activity which the children could carry home.

4) 2E

Ms Sarah Adheel owner of Fluff in a cup, parent of Sabah Adheel came parent as partner to 2E today, 30th January at 9am. She interacted very well with the kids by talking to them on the basics of making a cup cake and icing it. She did a hands on session with each student by making each one of them do frosting on a cup cake which was their take away. The session ended at 9.45. The students were very happy and excited.

6) 2F

Ms Aimie parent of Marcus actively engaged 2F children by making a Christmas tree ornament. She made them string the pearls which had a beautiful Christmas message. Children enjoyed making Santa's magic blessings hanging ornament. The parent wished an extra sprinkle of blessings for the coming New Year. The class thanked her by handing over a thumb print Greeting card of all the children present on that day.

ANNUAL REPORT – (2024-25)

PREPARATORY

Reopening Day – June 3rd

The primary quadrangle buzzed with the vibrant energy of children on June 3rd, marking the eagerly anticipated reopening day of school. A special assembly, orchestrated by the teachers, unfolded under the guidance of our esteemed principal, Ma'am Rachel. She eloquently addressed the students, fondly recalling the contribution of our beloved music teacher, Mr. Satheesh, and his profound impact on the musical journey of the students at the Preparatory.

Environment day – June 5th

At Choice Preparatory, we commemorated this significant day to instill in the next generation the understanding that we must act swiftly and collectively to protect our only home. This year's theme was "Land Restoration, Desertification, and Drought Resilience." The Kingdom of Saudi Arabia served as the host for this largest global environmental UN outreach program. To mark the occasion, a special assembly was organized, starting with a prayer and a thought-provoking message about nature. The weekly news was read, followed by students taking the environment pledge and receiving an orientation about the history of this special day.

World Yoga day & World music day – June 21st

On June 21, 2024, the students of Grade 5A conducted a vibrant assembly to observe International Yoga Day and World Music Day. The event, aimed at promoting relaxation and community bonding through yoga and live music, was a resounding success.

Doctor's Day – 2nd July

On the 2nd of July, two teachers and a few of our learners from The Choice School, Tripunithura, had the privilege of visiting an organization that truly embodies the essence of the above statement.

They visited Ernakulam Medical Center Hospital, Kochi, as part of an experiential learning activity in the preparatory grades.

Van Mahotsav – July 1st-7th

Van Mahotsav, also known as the Forest Festival, is a cherished annual celebration in India, observed from July 1 to July 7. The festival's primary goal is to raise awareness about the critical role forests play in our ecosystem and to encourage the practice of tree planting. On 7th July 2024, our school joined the nation in celebrating Van Mahotsav with great enthusiasm. The highlight of our celebration was a beautifully presented skit in Hindi by our talented students.

Investiture Ceremony- 12th August

The Investiture Ceremony is a significant event in the academic calendar, marking the induction of newly elected student leaders into office. This solemn occasion is an opportunity for students to take on leadership roles, develop essential skills, and contribute to the growth and development of their institution. The council elections were conducted in a fair and transparent manner. The newly elected leaders, including Head Boy Neelesh Anil Kartha and Head Girl Niharika Deepak, were announced with great anticipation. The ceremony took place on Monday, 12th August, at 8:30 AM in the Primary Quadrangle, in the presence of our dear principal, Ma'am Rachel, heads of departments and parents of the newly inducted council. Our hearts swelled with pride as the young leaders walked down the steps of the primary school with lamps in their hands to light their path of duty and responsibility. The head girl Niharika led the team to take the oath and the head boy Nilesh spoke about his vision as a leader. The newly inducted council sang the investiture song with pride and confidence.

Independence Day-15th August

The "Discovery of India" skit took the audience on a captivating journey through the annals of Indian history, culture, and diversity. This mesmerizing performance delved into the country's rich heritage, tracing its evolution from ancient civilizations to modern times. A group of over 100 students from all grades of 3, 4 and 5 put in their best effort and brought to life characters from ancient to modern India. It was an experience of a lifetime, more like travel through time which left the audience with the thought of the progress we have made as a country.

The Rising Star Competition- July 22nd

A much-anticipated event at the Preparatory level commenced on July 22, 2024. Spanning over a month, the competition served as a vibrant platform for students to showcase their diverse talents across a wide range of artistic and expressive domains. Participants eagerly engaged in various activities, including recitation, storytelling with props, and speaking on given topics, along with "pick and speak," all of which honed their public speaking and creative thinking skills. Artistic talents were displayed through drawing, coloring, poster-making, and crafting catchy slogans, allowing students to express their creativity both visually and verbally. This year, in a unique approach, all events were conducted simultaneously in Hindi, Malayalam, and English, which enriched the experience but also extended the event's duration. The Rising Star Competition concluded successfully on August 22, 2024, marking the end of an inspiring journey where students had the opportunity to explore and express their talents across various domains. Each event was conducted smoothly, celebrating the diverse abilities of the students and their achievements.

Onam Celebration - A Vibrant Tribute to Kerala's Tradition-10th September

The students of Grade 3 brought Kerala's Onam festival to life with an energetic and colorful celebration. Students performed lively traditional dances such as Thiruvathira, Pulikali, and Vallam Kali in vibrant costumes, and enacted the legend of King Mahabali in a well-rehearsed skit, □□□□□□□□□□ □□□. A group also performed a medley of traditional Onam songs, showcasing their love for Kerala's cultural heritage.

Gandhi Jayanthi – 7nd October

The Tree of Life Program, held on 7th October, focused on Mahatma Gandhi's principles of peace, non-violence, and sustainable living. The theme, "Tree of Life," symbolized growth, unity, and connection, reflecting Gandhiji's values. The event featured a Malayalam poem, a dance performance on nurturing nature, and an explanation of Gandhi's moral principles, strength in unity, and his freedom movements, all linked to the concept of a tree. The program concluded with the community singing *Vaishnava Janatho*, a Bhajan symbolizing Ahimsa. The event ended with a group photograph around a newly planted sapling, representing hope for a united future.

Kalarasana

The KALARASANA programme is an annual celebration aimed at integrating art and music into the curriculum of the preparatory section. The students were an audience to a brilliant lecture demo in Kathakali by Ms Haripriya, a renowned kathakali artist. Mr Berny P.J, music director, initiated the students into the world of carnatic music with an informative session. The music and dance faculty were felicitated. The talented students of the Preparatory demonstrated their talent in music and dance as well. The week-long celebration was a culturally enriching experience for teachers and students alike.

Children's Day – 14th November 2024

The Children's Day was a joyful and memorable event, entirely organized and performed by the teachers to surprise and delight the students. The show started with a lively dance performance, showcasing their talent and enthusiasm. Teachers put on an entertaining skit that brought laughter and smiles to everyone. The highlight of the assembly was a unique fashion show, where teachers modeled outfits crafted from upcycled materials. The creativity and eco-friendly message of the fashion show were inspiring, emphasizing the importance of sustainability in a fun and engaging way.

Grade 4's Spectacular Christmas Performance: Delivering Cheer and the Christmas spirit-17th December

The Students of Grade 4 rang in Christmas the most colourful manner. The audience travelled the world with Santa who was on a mission delivering cheer and goodwill to people around the world. They set the stage on fire with foot tapping dances and carols in Finnish, Spanish, English and Malayalam. The event was a perfect blend of hard work, talent, and festive cheer, creating a memorable experience for everyone involved.

Grade 5 Annual Day – *Evolution of Music & Dance: Echoes of Time* on 10th March 2025

The Grade 5 Annual Day was held at JTPAC at 6:00 PM, celebrating the theme *Evolution of Music & Dance – Echoes of Time*. The event was graced by the Chief Guest, Mr. Thomas Jose, Director of Choice Foundation. Students arrived at school from 11:00 am for dress and makeup, ensuring they were stage-ready. The program commenced on time, with parents and guests seated in anticipation of a grand spectacle. The show beautifully showcased the journey of music and dance through the ages, from the Stone Age to the present day. The choir delivered a mesmerizing performance, incorporating various musical genres, while the dancers brought history to life through their graceful movements. The audience was captivated by the students' performances, which reflected their hard work and dedication. The Principal, Ms. Rachel Ignatius, was highly impressed and praised the students, teachers, and the Music and Dance Departments for their efforts. The event concluded with a standing ovation from the parents, marking it as a truly unforgettable evening.

70:30 Sessions

Grade 3

Mr. Amal Prakash Parent of Arav (3D)-12th November 2025

Topic: Indian Spices – An Introduction to their Varieties, Uses, and Cultural Significance.

Grade 3 had a parent partner session by the parent of Aarav of 3D who did a wonderful interactive session on “Spices”. It was very well-suited for Grade 3 students, engaging them effectively and holding their attention.

Dr Sruthi- Eye care - kutty eyes – 3rd December 2025

Grade 3 had a parent partner session at 7.45am in the Quadrangle.

Mrs Manojna Jayakumar – Types of Fabrics -7th January 2025

Parent partner session was conducted by Ms. Manojna Jayakumar, mother of Thrishika Tarin of 3C. Topic : How a fabric is made, it's processes and different kinds of fabrics" .

Grade 4

Ms Sabrina Eassa, m/o Mehrish of 4E- MIC MAGIC -20th November 2025

Ms. Sabrina Eassa, a parent of Mehrish from Grade 4E, conducted an engaging and interactive parent partner session titled Magic Mic at Elizabeth Hall to guide students on the essentials of hosting a program. The session began with an icebreaker—Guess the Topic—which captivated the students' attention and set a lively tone. Ms. Sabrina emphasized the importance of microphone handling, demonstrating how to hold it correctly and maintain an appropriate distance to ensure clear and effective communication.

Ms Aswathy Manali , m/o Gianna of 4D- Good dental hygiene- 17th January 2025

A special 70:30 session was conducted during the assembly by Ms. Aswathy Manali, mother of Kiara from 4D. A dentist by profession and a baker by passion, Ms. Aswathy shared valuable insights with the students about the importance of maintaining good dental hygiene. She highlighted practical tips for oral care, emphasizing healthy habits to prevent dental issues. This enriching session not only educated students about dental health but also encouraged them to adopt better oral hygiene practices.

Mrs Manojna Jayakumar M/O Thrishika Tarin 3C -Fabric Fare- Differnt types of fabric & fabric care-29th January 2025

"Fabric Fair" was a vibrant theme, showcasing different textiles and their significance. Ms. Manojna, parent of Thrishika Tarin of 3C talk, added great value to the session by providing important tips and insights about the topic.

Grade 5

Ms. Neenu Ratin (mother of Nimai Ratan)- 5C

SDG- Goals

Parent partner 70/ 30 Session for Grade 5 students.

Ms. Manitha Kumari –(mother of Prathyush -5D)

Grade 5 had a 70/30 session by the parent of Prathyush- 5D Dr. Manitha Kumari- Dermatologist, on skin care & hygiene.

Ms. Divya Nair – Session on cyber security

Ms. Divya Nair, parent of Shreya Nair from Grade 3A, conducted an informative session on **Cybersecurity and Internet Safety** for the students of Grade 5. She explained the dangers of cybercrime in a concise and age-appropriate manner, making it easy for the students to understand. The session was short, crisp, and highly effective in raising awareness among the children about staying safe online.

Mother of Mahadev – Money & money matters

Field trips

Grade 5 Field trip to Kerala Museum on 11th July 2024

Students of Grade 5 embarked on a field trip in four buses. A total of 165 students, accompanied by 7 teachers and 4 supporting staff, visited the Kerala Museum in Edapally. The group departed from school at 9 am.

The Kerala Museum, also known as the Museum of Kerala History, is one of the oldest museums in the state. It features a variety of exhibits that highlight the history, culture, and art of Kerala. The museum is divided into several sections, including the History Section, Art Gallery, Dolls Museum, and Audio Visual Gallery.

Students were particularly impressed by the life-sized statues and dioramas of historical figures such as Shankaracharya, Raja Ravi Varma, and other prominent personalities. The works of Raja Ravi Varma and other contemporary artists were major attractions in the Art Gallery. The intricate details and vivid colors in the paintings captivated the students' attention.

The Dolls Museum showcased a diverse collection of dolls and figurines representing the traditional attire and lifestyle of various regions in India. The Audio Visual Gallery offered a light and sound presentation of Kerala's history and culture, featuring documentaries and short films that were both informative and engaging for the children.

Students were also fascinated by the 3D models and interactive displays. They remained actively engaged throughout the visit, asking questions, participating in discussions, and taking notes on various exhibits.

The field trip to the Kerala Museum was highly educational. Students gained a deeper understanding of Kerala's history, art, and culture. The exhibits and presentations provided context to our classroom lessons, making historical events and cultural concepts more relatable and memorable.

Grad 4 - Field Trip to CMFRI, Cochin on July 18

On Thursday, July 18, 2024, a group of 134 students, accompanied by class teachers and special aid teachers, visited the Central Marine Fisheries Research Institute (CMFRI). The students reported to school at the usual time and attended their first period as per the timetable. By 9:15 am, they were ready to go after having their first break snack. We reached our destination at around 10:15 am. Upon arrival, the students were first taken to the museum. The museum featured several exhibits related to marine fisheries and marine biology. Although some of the specimens collected from the deeper sea and coastal waters were quite advanced for Grade 4 students, they thoroughly enjoyed

exploring the different types of sponges, coral reefs, sea birds, dolphins, and other aquatic creatures. This visit provided them with valuable exposure to marine sciences and sparked their curiosity about the underwater world. After the museum, the students visited the aquarium, which displays a range of exotic fish and other marine creatures. The vibrant and diverse marine life captivated the students, making it a memorable educational experience.

Grade 4 - Social Studies Educational Trip / Field trip on 18th October 2024

Grade 4 was thrilled to visit an island as part of their lesson on the Islands of India. The buses departed from campus at 8:45 a.m. with social studies and class teachers accompanying the students.

Their first stop was the Vypin Lighthouse, where the kids enjoyed a walk in the garden and took photos. On the way to and from the island, they admired the small islands and local flora from the Goshree Bridge.

Next, the students visited the beach, and although they viewed the sea from a distance, they were excited to collect shells and eagerly shared them with friends.

After a brief time at the beach, they returned to school by noon. The students will now complete a questionnaire based on a PPT presentation and further research about the island.

Grade 3 - Excursion -Chittilappilli Square on 23rd October 2025

Grade 3 students embarked on an exciting field trip to Chittilappilli Square.

Upon arrival, the students were greeted by park staff who provided a brief overview of the park's history and the various features it offers. The day was filled with fun and educational activities:

Kids Gymnasium Our day began at the Kids Gymnasium, where students engaged in various physical activities designed to promote fitness and coordination. Obstacle courses, trampoline jumping, and group games were highlights. The students worked together, cheering each other on and building camaraderie.

Butterfly Garden: Next, we visited the Butterfly Garden, a serene environment filled with vibrant butterflies and lush plants. Students participated in a guided tour, learning about different butterfly species and their habitats. They were able to observe butterflies up close, enhancing their understanding of ecosystems.

Rock Climbing: After the garden, we headed to the rock climbing facility, where students faced their fears and challenged themselves physically. Students received instruction on safety and climbing techniques before tackling various climbing walls. Support and encouragement were evident as classmates cheered each other on.

Fish Feeding: Following rock climbing, we visited the fish feeding area, where students learned about aquatic life. Each student had the opportunity to feed fish and observe their behaviors. The instructor shared information about different fish species and their diets.

Magic Show: To conclude our day, we attended a captivating magic show that entertained and amazed everyone. Students watched a series of illusions and tricks, with opportunities for some to participate on stage. The show emphasized creativity and the power of imagination.

Nature Walk: Students participated in a guided nature walk, observing various plants and animals. They learned about local flora and fauna, identifying different tree species and bird calls.

Picnic Lunch: After the activities, students enjoyed a picnic lunch on the grass. They shared snacks and talked about their favorite parts of the day, strengthening friendships and social bonds.

The trip was well-received by both students and teachers. The field trip to Chittilappilli Square Park was a resounding success. It provided Grade 3 students with an opportunity to learn about nature, develop teamwork skills, and enjoy a day outdoors. The experience will be remembered fondly, and it reinforced the importance of environmental awareness and community engagement.

Grade 3 field trip to KUFOS on November 30th 2024

The students of Grade 3 were extremely excited and looking forward to their KUFOS Aquarium visit. The students had the opportunity to see a diverse range of fish, including beautiful ones of various sizes.

Hatchery – The students were taken to a different department where the process of fish reproduction happened. The role of hatcheries in nurturing and raising fish from eggs to juveniles before releasing them into natural habitats was explained. Understanding how fish grow is a crucial aspect of aquatic biology. Students witnessed various stages of fish development and learned about the factors influencing their growth.

Oxygen Generation- The students have been introduced to the concept of oxygen generation for fish in large embankments or tanks. Overall, the field trip contributed significantly to students' understanding of the natural world, fostering a sense of appreciation for marine life and the importance of conservation of natural resources. This field trip provided a dynamic and interactive learning experience, helping the students connect theoretical knowledge with real-world examples.

Grade 4 overnight trip to Malampuzha on 15th November 2024

On 15 November, the Grade 4 students embarked on a delightful overnight trip to Palakkad, exploring the Malampuzha Dam and its surroundings. The journey began early at 6:30 AM from The Choice School, with students enjoying breakfast en route. By afternoon, the group reached their destination and spent time exploring the lush Malampuzha Garden, admiring its natural beauty and relaxing amidst the serene ambiance. The second day began

with a hearty breakfast, after which the group visited the iconic Rock Garden, the intriguing Snake Park, and the fascinating Aquarium. These attractions offered educational insights and opportunities to marvel at unique artistry and wildlife. After lunch at 2:00 PM, the students began their return journey, arriving back home with hearts full of joy and minds enriched by the experiences.

Grade 5 educational overnight trip to Trivandrum on 29th & 30th November 2024

The students of **Grade 5** had this learning experience on their educational trip to Trivandrum. In terms of learning, an educational field trip is one of the most fantastic ways for young students to learn through real life.

The students were enthralled by the show on planets at the Priyadarshini Planetarium. It was a novel experience for most of them. The children were amused by the puzzles challenge at the Science museum in the planetarium.

Magician Mr Mohammed Shaani enchanted the students with different levels of magic at the Magic Planet.

The students proudly feasted their eyes on the capital city, decorated magnificently for the forthcoming Keralaleeyam.

The students enjoyed the trip to the hilt. It also provided them an opportunity to build closer bonds with their classmates and experience new environments, develop new skills and explore their interests.

Grade 3 field trip to the Children's Traffic Park on 17th January 2025

Grade 3 students enjoyed an exciting field trip to the Children's Traffic Park. Departing at 9:30 am, they arrived at 10:10 am, eager to explore. The students participated in a guided nature walk, learning about plants, trees, and animals, followed by playground activities like swings, slides, and climbing structures, a children's train ride promoting teamwork and social interactions. After a fun-filled morning, they enjoyed a picnic lunch, sharing snacks and bonding with classmates. The trip was a perfect mix of education and fun, leaving students tired yet happy as they returned to school.

Field trip for Grade 5 to Fire station on 21st January 2025

Students of Grade 5 went on a field trip to the Fire station during school hours. Students had an informative session where the firefighters explained the different types of fires. Students were then introduced to fire extinguishers. They learned about the different types of extinguishers used for various fire classes. The highlight of the visit was the live

demonstration of how fires are put out using advanced equipment. The students witnessed a demonstration of a **firefighting robot**, which can be used in situations where it's unsafe for firefighters to approach the fire directly.

Skill Sessions

Grade 3

Sandwich Making

Grade 3 Students Master the Art of Sandwich Making: A Life skill Activity

Introduction

In an effort to foster practical life skills and promote independence, Grade 3 students recently engaged in a hands-on sandwich-making activity. This exercise was designed not only to introduce them to basic culinary skills but also to teach them about nutrition, organization, and personal responsibility.

Objective

The primary goal of the sandwich-making activity was to help students develop essential life skills that will benefit them both now and in the future. By learning how to make sandwiches, students gained valuable experience in food preparation, following instructions, and making healthier food choices.

Activity Overview

Preparation and Planning

Teachers provided a simple recipe and a list of ingredients, including bread, cheese, vegetables, and spreads. Students were encouraged to think about their own preferences and any dietary restrictions.

With guidance from teachers, students practiced using utensils safely and effectively. They spread condiments, layered ingredients, and assembled their sandwiches with care.

Teachers led a reflection session where students shared their experiences and learned about the importance of cleanliness and hygiene in food preparation.

Learning Outcomes

Practical Skills: Students learned how to safely handle kitchen tools, follow a recipe, and create a meal independently.

Nutritional Awareness: By choosing ingredients and creating their own sandwiches, students gained a better understanding of balanced nutrition and healthy eating habits.

Shoe Lace Tying Practice

Stepping towards Independence an important rite of passage unfolded as Grade 3 students embarked on their journey of learning to tie their shoelaces. This seemingly simple task held profound significance, marking a step towards independence and mastery of a fundamental life skill. The process began with a demonstration, where teachers meticulously showcased the step-by-step technique of creating the loops, crossing the ends, and pulling tight to secure the knot. The students observed attentively, absorbing each movement with a mix of curiosity and concentration.

T –Shirt folding

The Grade 3 students learnt the practical lesson on folding shirts and t-shirts, focusing on developing their fine motor skills and organizational abilities. The teacher demonstrates step-by-step techniques, ensuring that each student understands the process. By the end of the lesson, students confidently fold their shirts, learning a valuable life skill.

Grade 4

Creative Hour - Life Skill Activity Napkin Folding

Students were asked to bring a napkin for the activity. They were taught three types of folding techniques.

1. Kimono Folding
2. Rose Folding
3. Pocket Folding

The activity enhanced their fine motor skills.

Notebook covering using old newspapers

During the Creative Hour this week, Grade 4 students learned the skill of covering their notebooks using old newspapers. This hands-on activity encouraged creativity while promoting sustainability through the reuse of materials.

Grocery list making – Life skill activity

Making a Grocery List - During the life skills session, students learned the term "grocery," its origin, and different types of grocery items, then created and illustrated their own grocery lists in their notebooks.

Grade 5

Session on table manners and etiquettes for the students of Grade 5

The Department of English conducted a session on table manners and etiquettes for the students of Grade 5. This was done to help them develop essential dining skills and social etiquette. The session aimed to equip students with the knowledge of proper behaviour and dining practices.

Detailed instructions were provided on how to hold a spoon, fork, and knife correctly. The session also covered the different types of plates typically used for various courses.

Students not only learnt about proper table etiquette but also enjoyed the whole process.

Subject Enhancement Session

Social Studies

A graded project was done for grade 3 in all the divisions on the topic-Food of India. Students were to choose any one popular dish of Indian origin and bring it to class along with the recipe dressed in accordance with the state of origin of the food they chose. Each student represented a different state, showcasing its unique dishes. States included:

Punjab: Famous for Butter Chicken and Sarson da Saag.

West Bengal: Known for Fish Curry and Mishti Doi.

Gujarat: Featured Dhokla and Thepla.

Maharashtra: Showcased Vada Pav and Puran Poli.

Tamil Nadu: Presented Idli, Sambar, and Dosa.

Each student set up colorful stalls decorated with traditional items and props. Students explained the significance of their chosen dishes and shared interesting facts about their state's culture and festivals. The fest included tasting sessions where students and teachers sampled various dishes. This interactive experience allowed everyone to appreciate the flavors and textures of different cuisines.

Objectives of Food Preservation

- To inhibit the growth of microorganisms in food
- To retain the nutritional value of food items for longer
- To reduce the risk of foodborne diseases caused by pathogens
- To extend the usability of food
- To minimize food wastage, which is essential for food sustainability and security
- To increase convenience as they allow to easily have prepared food without cooking
- Food preservation allows items to become available to places where they are not grown locally

5 NOV, 2024, 7:35 AM TO 8:20 AM

GRADE X - 2024-2025

Subject Enrichment session Department of Physics Date: 5 Nov, 2024 Elizabeth Hall

On the morning of November 5, 2024, a subject enrichment session on the interrelation between electricity and magnetism was conducted. The session opened with an introduction to the guest lecturer, Mr. Sunil Paul, co-founder and CEO of Sriшти Robotics, who skillfully explained foundational concepts in electromagnetism and shared effective strategies to help students excel in exams.

The session's hands-on demonstrations were particularly engaging. For instance, an experiment involving a wheel and motor vividly illustrated how the wheel's rotation around copper coils generates electromagnetic flux. In simple terms, as the wheel spins, the motor acts as a generator, lighting up an LED. This interactive approach captivated the students' attention, encouraging participation and igniting curiosity.

Mr. Paul presented key concepts in an accessible manner, ideal for revision purposes. Rather than focusing on complex details, he emphasized essential ideas through relatable examples. For instance, he discussed hydroelectric power generation, explaining how an increase in height results in a greater potential difference, thus producing more energy.

An essential part of the session was dedicated to exam strategies. Mr. Paul advised using larger handwriting, answering each question on a new sheet of paper, and making an attempt to answer every question. He stressed that our aim should be to make a positive impression on the teacher during the brief time spent grading the paper.

Electricity and Magnetism

The session concluded with lasting advice: to learn from our mistakes, to create plans even when things don't go as expected, and to savor the journey along the way.

While some students may have hoped for a deeper dive into the intricacies of electromagnetism, Mr. Paul's focus on exam preparation offered valuable insights, helping to build students' confidence in approaching physics exams. His friendly demeanor and willingness to provide study advice created a supportive atmosphere. Future sessions could combine detailed content with more complex applications or student-led experiments, balancing exam tips with an in-depth understanding of the subject.

We extend our sincere gratitude to Priya ma'am, Jayasree ma'am, and the Department of Physics for organizing this enriching session. Their efforts in bringing knowledgeable guest speakers like Mr. Sunil Paul create valuable opportunities for us to deepen our understanding and enhance our learning experience.

VISION

“At The Choice School, we envision a passionate learning community that fosters a growth mindset for every student in a happy, caring and stimulating environment, providing them with equal opportunities to discover and develop aptitude and attitude for learning in an equitable environment that inspires and ignites curiosity, creativity and confidence to transform lives and the world”.

Mission

The Choice School, anchored in knowledge, Character, and Health (KCH), provides a safe, inclusive, holistic learning environment in an evolving, diverse world by equipping the students with scientific temperament and social skills to become global citizens in collaboration with a competent, supportive community.

Message from the Section Coordinator

It gives me immense pleasure to present the reflections of the Grade X section for this academic year. Despite the challenges we faced, the year was marked by resilience, collaboration, and many proud moments. Our students excelled not only academically but also showcased their talents in various co-curricular activities, competitions, and community outreach programmes.

I would like to express my heartfelt gratitude to the dedicated team of teachers who tirelessly guided our students, and to the parents for their constant support and encouragement. Most importantly, I applaud our students for their enthusiasm, hard work, and unwavering spirit. As we look ahead, we remain committed to nurturing a learning environment that fosters excellence, creativity, and holistic development. Together, we will continue to strive for greater heights.

Warm regards,
Jayasree P V

RISK ASSESSMENT

Class teachers in Grade X often face various challenges and risks, including:

1. **Academic Pressure:** Ensuring students are prepared for exams and meeting academic standards can be stressful.
 2. **Student Behavior:** Managing a diverse range of behaviors, including disruptions, can be challenging.
 3. **Parental Expectations:** Dealing with high expectations from parents regarding their child's performance and behavior.
 4. **Time Management:** Balancing administrative tasks, lesson planning, and teaching can be difficult.
 5. **Student Well-being:** Addressing the social and emotional needs of students, especially during adolescence, is crucial.
 6. **Curriculum Changes:** Adapting to changes in the curriculum and educational policies.
 7. **Professional Development:** Keeping up with new teaching methods and technologies.
 8. **Work-Life Balance:** Ensuring a balance between work responsibilities and personal life to prevent burnout.
- These challenges require resilience, effective communication skills, and a supportive school environment to manage effectively.

REPORT OF THE VISIT TO THE FOOD PRODUCTION DEPARTMENT OF THE CHOICE SCHOOL CAFE

As part of Curriculum, the Grade 10 Food Production students got an opportunity to visit the food production department of the school cafe on **October 14 2024**. **Chef Jobin Scaria, Executive Chef Manager, The Choice Foundation** guided us throughout the visit.

Subject Enrichment Session on Cake Decoration 21 November -Thursday

A vibrant **Subject Enrichment Session for Grade X Home Science and Food Production** students was conducted during the 5th period today. The session, centered around the art of cake decoration, was held in the Home Science Lab.

The session was led by Mrs. Prabha Abraham, retired Head of the Department, who brought her expertise and years of experience to inspire the students. She demonstrated various techniques of cake decoration, including frosting, piping, and creative garnishing.

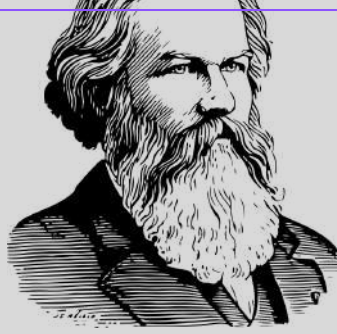

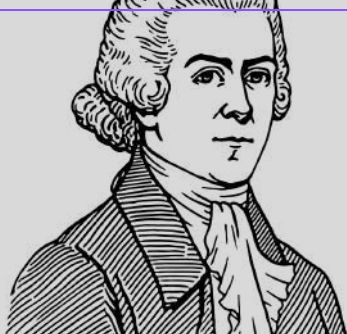

The students were highly enthusiastic and actively participated in the hands-on activities. They experimented with different designs and decorations, showcasing their creativity.

Mrs. Abraham's guidance and practical tips added immense value to the session.

The interactive and engaging session left the students inspired and eager to

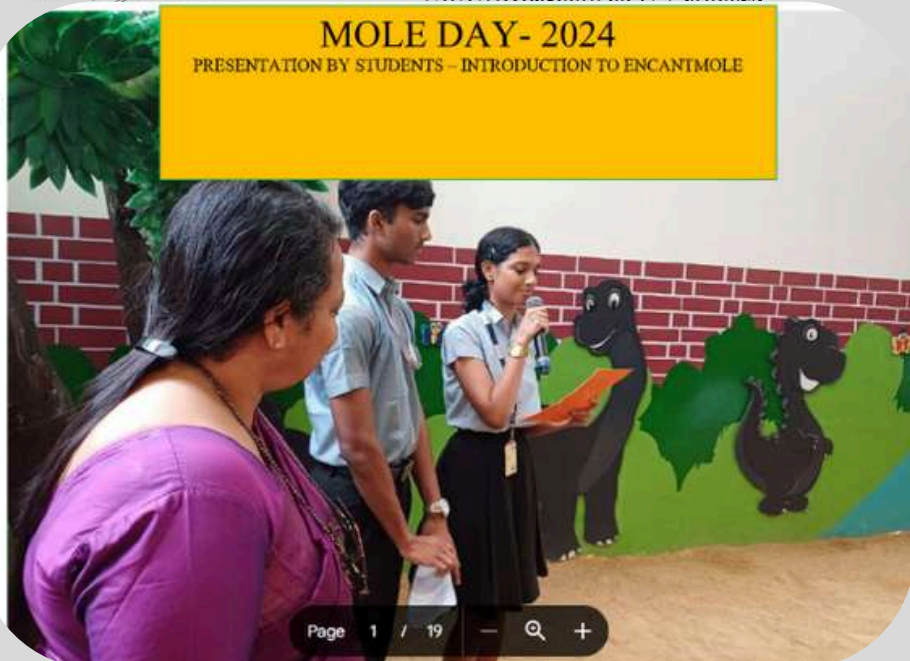

explore more in the realm of culinary arts. It was indeed a delightful and educational experience for everyone involved

MOLE DAY- 2024

PRESENTATION BY STUDENTS - INTRODUCTION TO ENCANTMOLE

Mole day - Students spoke about the benefits/ uses of Avogadro number in the field of Science and technology

Artificial muscles

Phage therapy

Photocatalytic Hydrogen

Wearable sensors

Biological recycling of PET

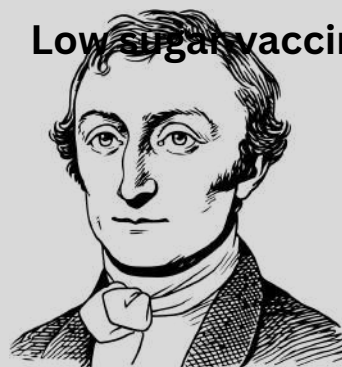

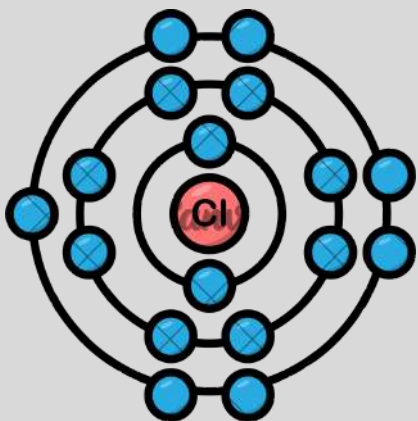

GPT language models in Chemistry

Synthetic electrochemistry

Chlorine mediated removal of ocean carbon dioxide

“Depolymerization

Low sugar vaccinations

MOLE DAY- 2024

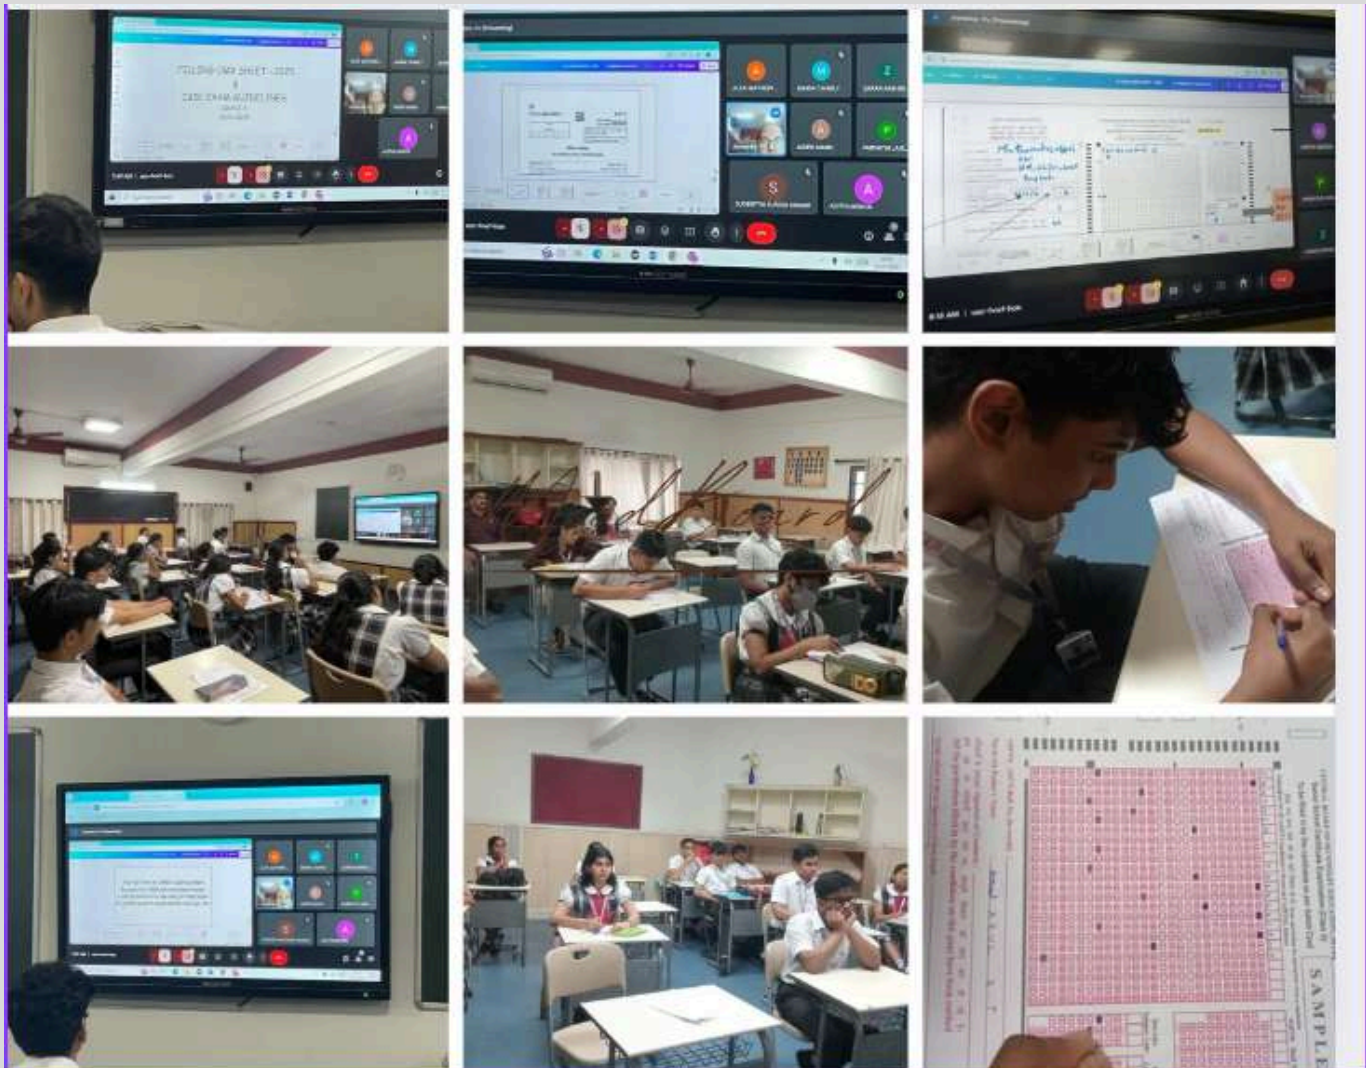

PRESENTATION BY STUDENTS – CHEMISTRY QUIZ

The Mole Day “Encantmole” celebration was a great success, promoting the significance of chemistry in an engaging and entertaining way. Students left with a better understanding of core chemistry concepts, and everyone eagerly looks forward to next year’s celebration. We would like to convey our appreciation to the Chemistry department for fostering our interest in chemistry

SHRI JITHIN MALAYILAKATHUTT VIJAYAN

One of our Grade X parent Mr Jithin M Vijayan (Sourav Jithin XG father) got Tenzing Norgay National Adventure Award and it is awarded by President at Rashtrapathi Bhavan on 17Jan 2025

The Tenzing Norgay National Adventure Award is the highest adventure sports honour of the Republic of India. The award is named after Tenzing Norgay, one of the first two individuals to reach the summit of Mount Everest along with Edmund Hillary in 1953. The recipients are honoured for their outstanding achievement in the field of adventure activities on land, sea and air. The status of this award is considered to be equivalent to the Arjuna Award conferred in the field of sport

ISRO National Space Day 2024 Competition

National Space Day in India was a significant event commemorating the nation's remarkable achievements in space exploration. The Indian Space Research Organization celebrated the successful lunar landing of Chandrayaan-3, and provided students with the opportunity to participate in a variety of space-themed activities, including essay writing, astrophotography, and rocket modelling. I personally participated in the essay writing competition, focusing on the potential of lunar-based interplanetary travel. My essay was awarded first place, fostering a renewed enthusiasm for space science and motivating me to pursue excellence in my academic endeavours. National Space Day 2024 was a memorable experience, and I am grateful to ISRO for organizing such a valuable event.

Grade 10 C

Certificate of Recognition as being one of the Top 36 Semi-Finalist teams in the Made In 3D - Seed The Future Entrepreneurs Program Season 2023

**Heartiest Congratulations for your school team who participated in one of the flag ship program of La Fondation Dassault Systemes in collaboration with Atal Innovation Mission (AIM), Niti Aayog, Govt. Of India named as –
Made In 3D: Seed The Future Entrepreneurs Program Season 2023 under Student Entrepreneurship Program.**

Your school team, has remarkably performed well and secured place amongst the Top 36 Semi-Finalist Teams all across 31 States and UT's of India.

As our program name suggest, we have taken efforts in seeding these young minds in the journey of entrepreneurship as small efforts towards our Nation's Mission of Innovation. We really appreciate your support and initiative towards recognising these young minds who are going to be tomorrow's successful Entrepreneurs and felicitating them in Schools Award Ceremony. This will definitely encourage these students to step further in their courier and surely will encourage all the other aspiring students in the line.

HRISHIKESH MENON XG got selected in the Top 100 list of Trivandrum region

CBSE conducts the Aryabhata Ganit Challenge (AGC) to foster the development of essential competencies in applying mathematics to everyday situations. This initiative aims to promote these skills among students through an engaging assessment process. The primary focus of the challenge is to evaluate students' ability to utilize mathematical concepts in practical, real-life scenarios. This approach not only reinforces the practical relevance of mathematics but also encourages a more holistic understanding of the subject beyond theoretical concepts.

Hrishikesh words -The Aryabhata Ganit Challenge was a very insightful and memorable experience. It showcased the intricacies and depth of the subject. I'm happy to have got the opportunity to participate in this event.

Congratulations

The Queen's Commonwealth Essay Competition (QCEC)

The world's oldest international schools' writing contest.

REPORT ON EXCURSION TO THEKKADY

Our excursion to Thekkady on 1st October 2024 was nothing short of extraordinary. The day began with an early morning start, and despite the initial sleepiness, the excitement was palpable among all the participants. A refreshing stop for breakfast at Pala not only energized everyone but also turned into an impromptu dance session, setting the tone for the day.

On our route, we made a stop at Valanjanganam Church, where we were greeted with a warm welcome and offered our prayers. Our timely arrival at the church marked the beginning of a series

As We Turn the Page...

As this academic year draws to a close, we pause to reflect on a journey filled with learning, growth, and countless shared moments. Each challenge faced, each lesson learned, and each success celebrated has added a new chapter to our story.

Our students have grown not just in knowledge, but in character and resilience. Teachers, parents, and every member of our community have played an invaluable role in nurturing this spirit of excellence and togetherness.

While we celebrate our achievements, we also embrace the promise of tomorrow. Let us carry forward the lessons of this year with humility and hope, ready to explore new horizons and create new milestones.

Here's to closing this chapter with gratitude and opening the next with anticipation. The journey continues — and the best is yet to come.

**With warm regards,
Ms Jayasree P V**

Thank You

ANNUAL REPORT FOR GRADE XI 2024-25

Our Vision Statement:

At Choice School, we envision a passionate learning community that fosters a growth mindset for every student in a happy, caring and stimulating environment, providing them with equal opportunities to discover and develop aptitude and attitude for learning in an equitable environment that inspires and ignites curiosity, creativity and confidence to transform lives and the world.

Our Mission Statement:

The Choice School, anchored in knowledge, Character, and Health (KCH), provides a safe, inclusive, holistic learning environment in an evolving, diverse world by equipping the students with scientific temperament and social skills to become global citizens in collaboration with a competent, supportive community.

The school follows the core concepts of KCH (**Knowledge, Character and Health**) and gives equal importance to mental as well as physical health. Healthy children and teachers create a good learning environment.

ELECTION

The election results were declared on 05 July 2024 Friday, unveiling the newly elected members of the student council. The announcement marked the culmination of a rigorous election process, reflecting the collective voice and choices of the student body.

INVESTITURE CEREMONY

On 10 July 2024 Wednesday, the Investiture Ceremony for the Student Council marked a significant milestone for the newly inducted officials. It was a momentous occasion celebrating the appointment of the new council members, house captains, and various student leaders. The event unfolded with grace and enthusiasm, reflecting the dedication and potential of the student body.

AWARDS CEREMONY

On 12 July 2024 Friday, the prestigious Awards Ceremony was hosted at JT PAC that celebrated the remarkable achievements of students across various categories.

CHOICE DAY

On 16 July 2024 Tuesday the spirited choice day was hosted at Fine Arts Hall with a theme centred around Indian Culture. The event featured two teams: Choice Dynamos and Choice Mavericks. Representing Choice Dynamos were members from Choice School, Kochi including branches and the Choice schools at Thiruvalla and Calicut.

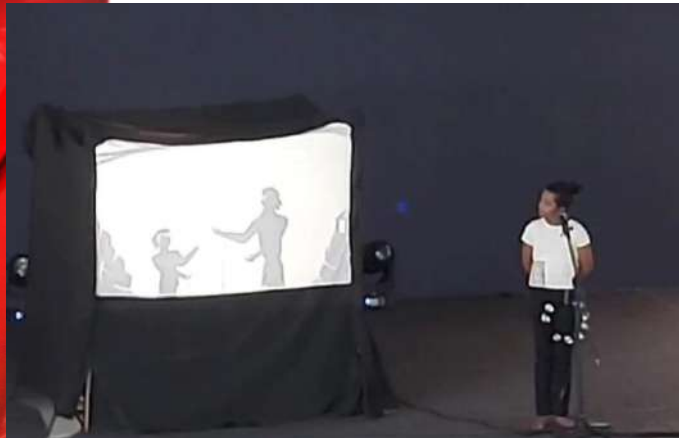

STAR SEARCH

Star Search kicked off with great enthusiasm on 06 August 2024, an opportunity for our students to showcase their talent. It's also a moment to explore and nurture our children's talents, allowing them to soar in the world of arts.

FRINGES

On 28 September 2024, Saturday The 'FRINGES' interschool event, hosted by the Co-Curriculum Department, commenced with an engaging opening ceremony. Our esteemed Chief Guests Mr. Rahman and Mr. Anson Paul delivered the inaugural address offering insights into the event's theme and encouraging students. The event was a success exemplifying the school's commitment to providing diverse co-curricular opportunities, encouraging creativity, leadership, and collaboration among students.

IIMUN

On 10 January 2025 Friday, the opening ceremony of the IIMUN was held marking the commencement of an eventful and enriching experience. It was a moment of pride and anticipation as the event unfolded with great enthusiasm. The event was meticulously organized under the leadership of Ms. Mangala Mohandas - Head of Co-Curricular Activities. Supported by her coordinators, Ms. Meenakumari and Ms. Lakshmi Sithara, who ensured every aspect of the event ran seamlessly.

CHARITY DRIVE – KAI – ART EXHIBITION

The Choice School organized an art exhibition titled "KAI", from 1st to 3rd October 2024, inaugurated by our President Mr. Jose Thomas, at the David Hall Art Gallery, Fort Kochi. The exhibition showcased a collection of paintings curated by the talented students of the school. This initiative aims to raise funds for the rebuilding efforts in Wayanad, significantly impacted by recent disasters. The exhibition is not only a platform for artistic expression but also a demonstration of the school's commitment to social responsibility.

Objectives

- **Build confidence and teamwork.**
- **Develop awareness and spontaneity.**
- **Enhance skills in theatre.**
- **Foster an understanding of emotions and expressions.**

Overview

A series of five wavy, horizontal lines in a light brown color, located in the bottom right corner of the slide.

- ◆ **Confidence and Team Building exercises**
- ◆ **Exercises to increase Awareness and Spontaneity**
- ◆ **Improvisation**
- ◆ **Acting Exercises**
- ◆ **Structure of a script**
- ◆ **Direction**

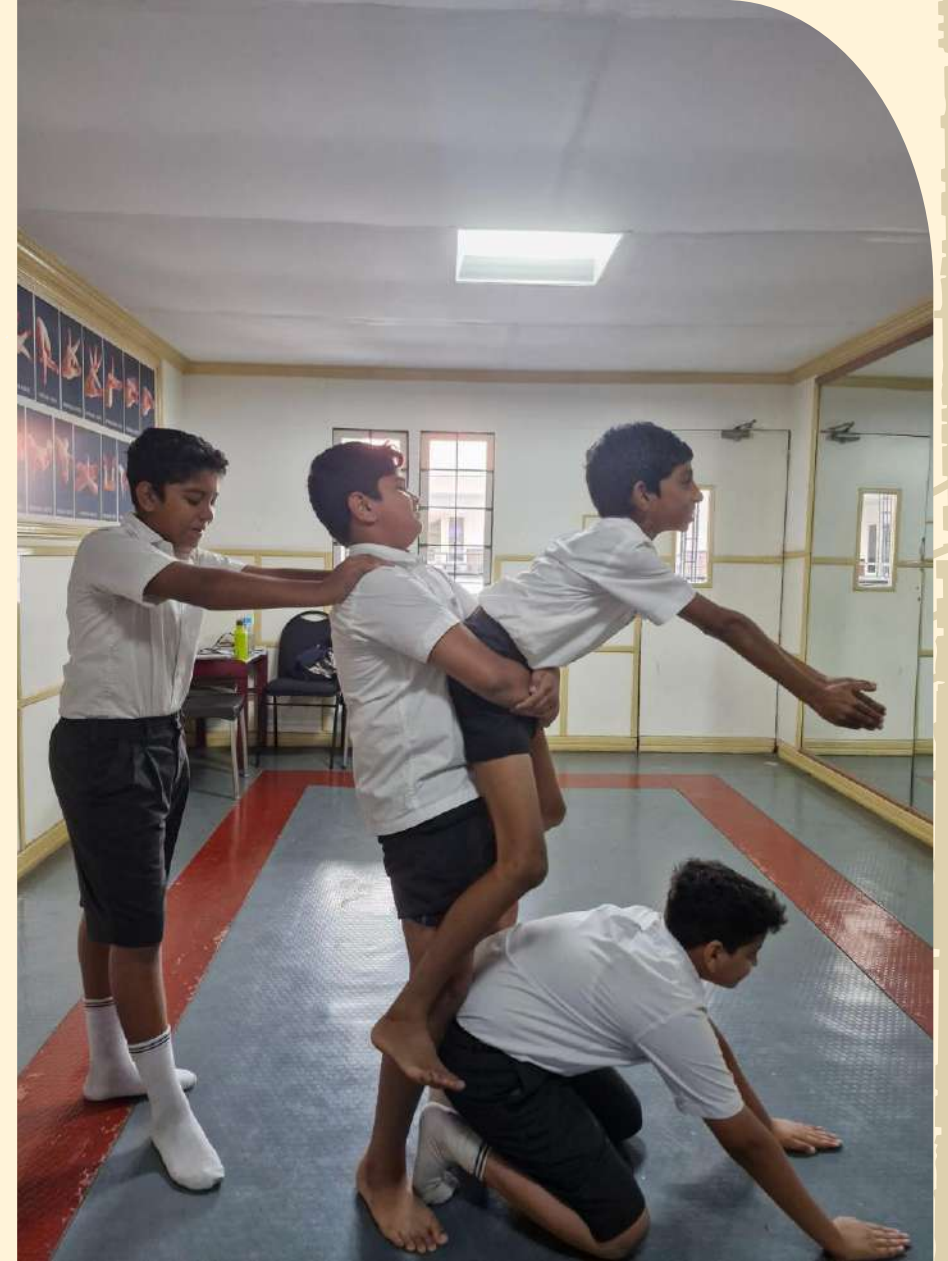

Confidence & Team building

Confidence is crucial for any performer, which is why it's essential to start classes with exercises that foster this quality. As students gain confidence, they naturally become more engaged in class activities. Since theatre is an ensemble art form, it's equally important for students to develop strong teamwork and communication skills. These skills not only enhance their theatrical abilities but also serve them well in all aspects of life.

Confidence & Team building

Students improve their communication skills by interacting with the same group repeatedly during exercises. This familiarity helps them build stronger connections and trust. Later, when the groups are shuffled, students have the opportunity to experiment with new communication strategies, adapting to different dynamics and learning to collaborate effectively with a fresh set of peers.

Awareness & Spontaneity

Students are encouraged to be aware of their surroundings at all times, as awareness is essential for most theatre activities. To foster this skill, games that promote heightened awareness and spontaneity are often incorporated into lessons. These games help students develop important skills, including quick decision-making and adaptability, in a natural and enjoyable way, turning awareness into a subconscious habit. By participating in these activities, students not only improve focus, observation, and decision-making but also learn to respond spontaneously to changing situations. Ultimately, games create an engaging environment where learning and skill development happen effortlessly.

Improvisation

Students are introduced simple improvisation exercises, starting with just gestures. They then progress to full-body movements without speech, focusing on physical expression. As they gain confidence, we gradually incorporate both body and voice. This step-by-step approach allows students to comfortably explore improvisation, building skills one element at a time before combining them into spontaneous performances.

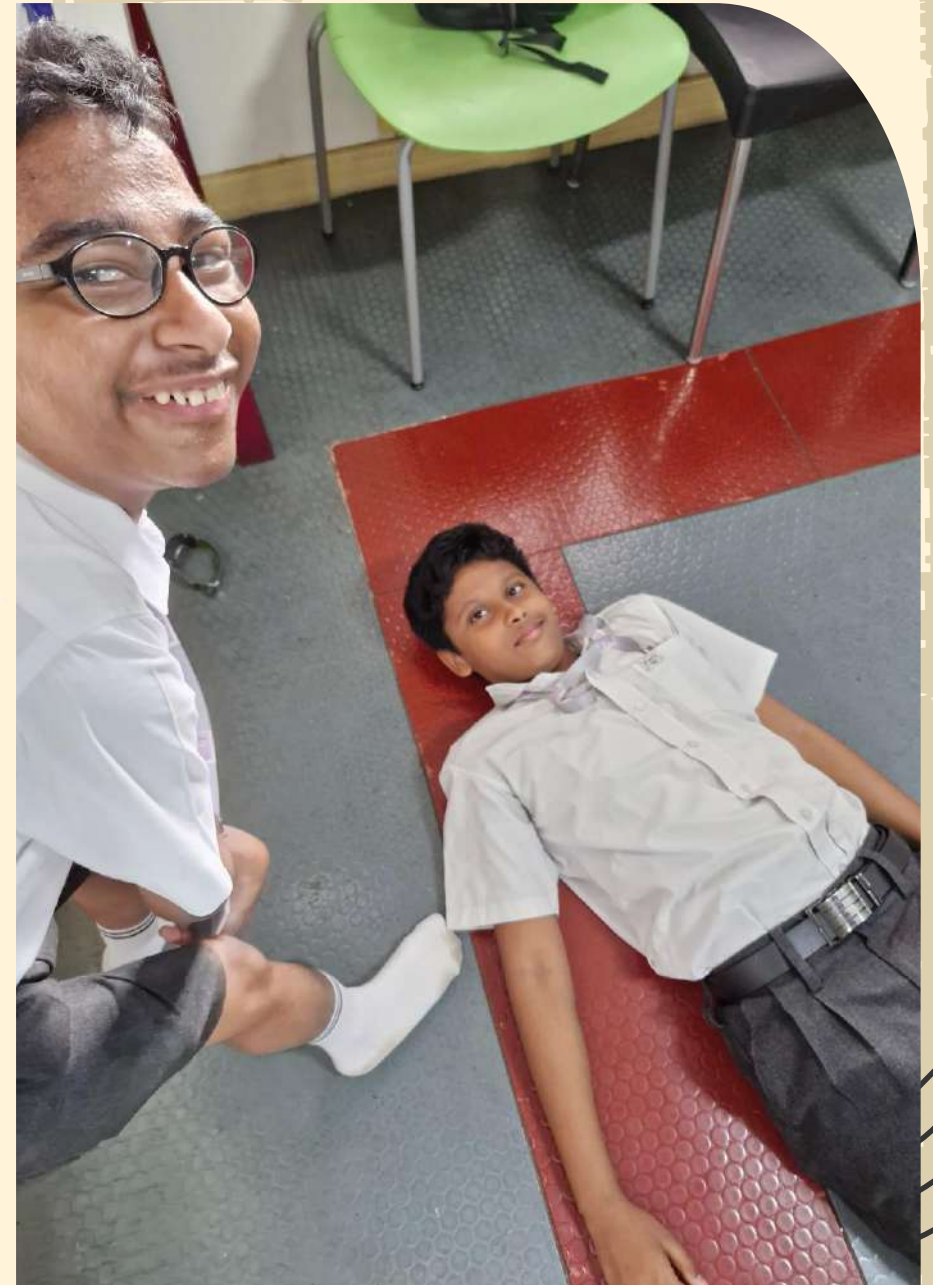

Acting Exercises

Students participate in a range of acting exercises designed to build essential performance skills. Through exercises focused on reading micro-expressions, students sharpen their ability to observe and interpret subtle facial cues. They watch the other students carefully to read their expressions. This helps them in understanding how communication can work through micro-expressions. This is a technique that helps in developing subtleness when acting.

Acting Exercises

In exercises aimed at understanding their co-actor, students learn the importance of listening and responding to their partner's choices, fostering collaboration and a deeper sense of trust. Students have been introduced to comedy, one of the most difficult genre to act. Such exercises allow students to explore comedic timing, physicality, and delivery, developing their ability to perform humor with precision. These exercises work together to improve emotional awareness, adaptability, and versatility in performance, preparing students for a wide range of acting styles.

Structure of a script

Students read a short play and engaged in a detailed discussion about its structure. To start, they were introduced to Freytag's Pyramid, exploring how its stages apply to the unfolding of the story. The class also examined the key elements of the play, including the development of characters, the progression of the plot, and the significance of the setting. This comprehensive analysis helped students gain a deeper understanding of how each component works together to shape the narrative and enhance the overall impact of the play.

Structure of a script

Based on their understanding of a script's structure, students write scripts of their own. They were asked to choose a topic from their own life as to ease them into the process of script writing.

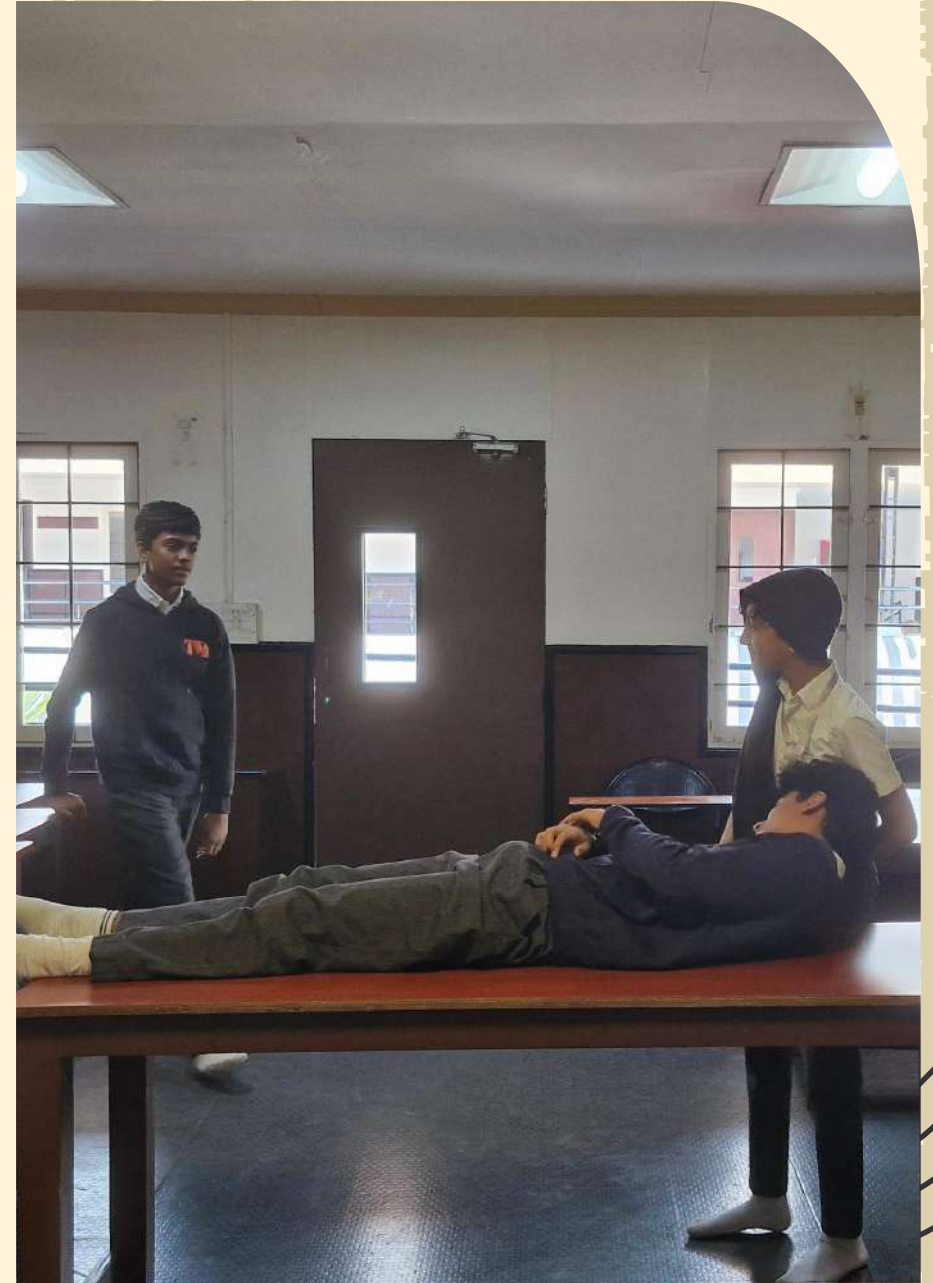

Direction

When students write scripts based on incidents from their own lives and take on the role of director, they step into a new realm of storytelling—one that requires them to guide actors, shape scenes, and bring their vision to life.

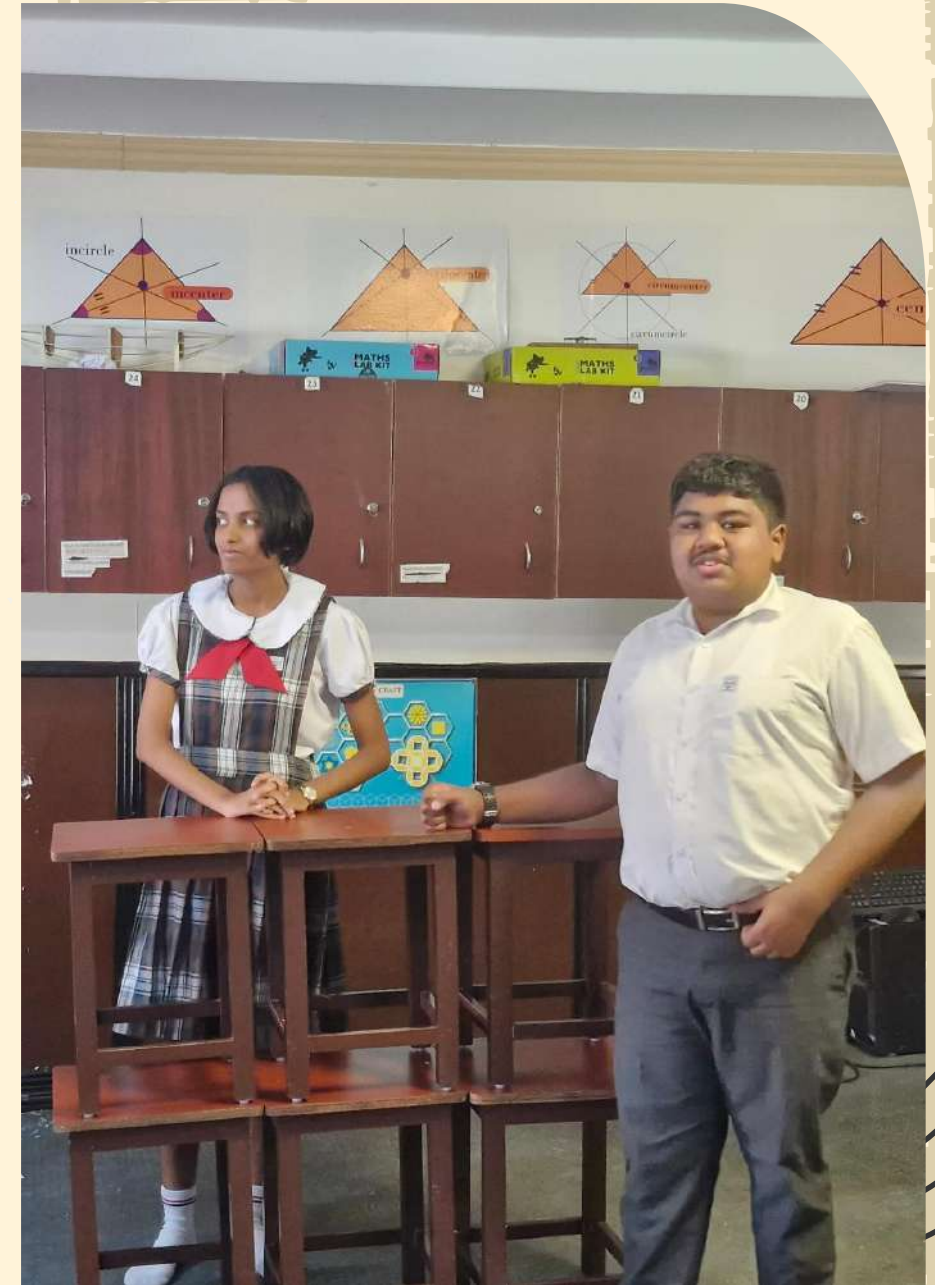

Direction

One of the most valuable lessons in directing is leadership. Student directors must balance authority with teamwork, ensuring that their ideas are realized while also encouraging actors to bring their own creativity to the performance. They must learn to give constructive feedback, problem-solve when challenges arise, and adapt their vision based on the dynamics of the actors and the scene.

Direction

Beyond guiding performances, directing requires an awareness of stage movement, visual composition, and pacing. Students experiment with blocking—deciding where actors stand and move—to create engaging and meaningful stage pictures.

Direction

By directing, students gain a deeper appreciation for all aspects of theatre. They see firsthand how choices in acting, staging, and delivery influence the audience's experience. This experience fosters empathy, as they recognize the challenges actors face and the importance of clear communication in achieving a cohesive performance

Direction

Learning direction in a theatre class empowers students to take ownership of their stories and develop skills in leadership, creativity, and teamwork. It transforms them from performers into storytellers with a vision, preparing them not only for the stage but for any collaborative and creative endeavor they pursue in the future.

Direction

Students were taken to observe the rehearsal of Talent Fiesta to gain insight into the rehearsal and direction process. They watched how actors refined their performances, directors provided feedback, and scenes were adjusted for better execution. They noted how repeated practice helped improve delivery, coordination, and confidence on stage. After the observation, students documented their insights in a report, reflecting on how the rehearsal process shapes a performance and the role of direction in bringing a production to life.

Programmes

Three gold stars of varying sizes are hanging from the top of the page. The largest star is on the right, and two smaller ones are on the left. They are all hanging from thin gold chains.
